TTC work at Shudell Avenue Improvements to path

Date: Starting October 12, 2016

*Content/timeline accurate at time of printing

Work description and purpose

TTC will be modifying the exit/entrance of the green space at Shudell Avenue to address ground erosion and improve foot path access. This work will result in a gravel path to the south side of Shudell Avenue. The project is scheduled for completion in approximately six weeks.

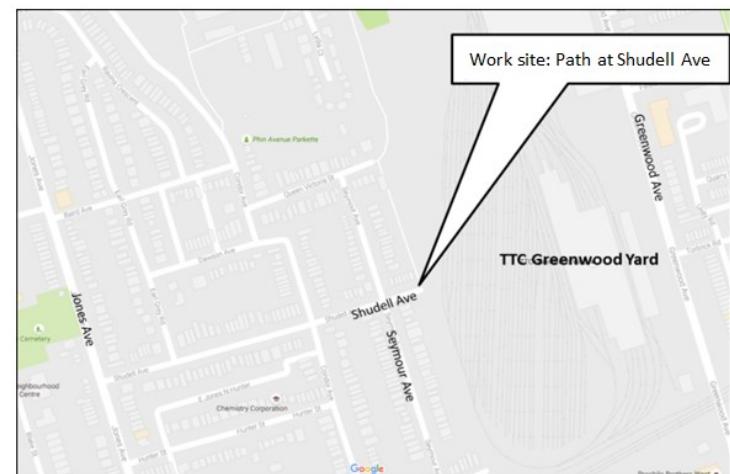

The modification work will include excavation, installation of a decorative block retaining wall, a gravel path and ornamental iron fence line.

Work location

- Work will be limited to the east end of Shudell Avenue at the green space.
- Construction vehicle/equipment access and material deliveries to the site will be along Shudell Avenue.
- Efforts will be made to limit the amount of construction vehicles to the site during this project.
- Some parking on Shudell Avenue will be displaced to safely carry out this work.
- Sidewalk access on Shudell Avenue will be maintained during the work.
- Construction signage will be placed on Shudell Avenue.
- The existing three trees at the east end of Shudell Avenue will be protected as best as possible during the work.

Improvements to path at Shudell Avenue

Work hours

Work will be conducted during the day time on weekdays only.

Thank you for your patience as we work to make improvements to this area.
